

## RECRUITMENT

<b>REFERENCE NUMBER:</b>	CALINS1020
<b>JOB TITLE:</b>	Calibration Inspector
<b>LOCATION:</b>	Denham, Middlesex

Martin-Baker is the world's leading manufacturer of ejection seats and related equipment.

It is the only company that can offer a fully integrated escape system that satisfies the very latest in pilot operational capability and safety standards. Martin-Baker offers a complete 'end-to-end service', from helping the customer to establish operational safety and escape requirements, including design, development and qualification, to on-going support throughout the entire service life of the aircraft.

<b>DEPARTMENT NAME:</b>	Calibration, Quality Control
-------------------------	------------------------------

### JOB DESCRIPTION

A vacancy has arisen for a Calibration Inspector in the Quality Control department at Denham. The purpose of this role is to perform calibration of Martin-Baker measuring equipment and related activities.

#### AREAS OF RESPONSIBILITY:

Ensure all requirements of Calibration Instruction are met including:

- Reporting and recalling equipment due for calibration.
- Calibration of equipment.
- Resolution of outstanding calibration and failing equipment.
- Update of relevant process documents including update to calibration register, calibration methods, criteria and frequencies.
- Where possible, prevent production down time due to calibration.
- Reporting on department's performance and supporting team to improve this.
- Dealing with equipment and calibration suppliers.

#### EDUCATION & QUALIFICATIONS:

- A good level of education is desirable

#### SPECIFIC / TECHNICAL SKILL

- Use of a variety of precision inspection tools both digital and analogue scale
- Read and understand engineering drawings and internal/external specifications
- Strong numeracy and geometry skills
- Calibration of precision measuring equipment and gauges.
- Working knowledge of geometrical dimensional tolerances would be beneficial

PERSON SPECIFICATION:

- Strong verbal communication skills
- Attention to detail
- Manual dexterity
- Strong team player and ability to work independently
- Basic administration routines
- Self-starter, completer / Finisher.

KNOWLEDGE & EXPERIENCE:

- Detail Inspection experience
- General working knowledge of manufacturing and engineering
- Computer literate.
- Basic grounding in health and safety policies and procedures.
- Knowledge of calibration best practices
- An Aerospace / Defense background would be desirable

**For all successful candidates, Martin-Baker will undertake background security checks. As part of this, we will need to confirm your identity, employment history and address history to cover the past five years as well as your nationality, immigration status and criminal record. For positions that require Security Clearance, the successful candidate must hold or be willing to obtain security clearance up to the relevant level for the role.**
